UP CLOSE WITH COWS & FRIENDS

Gentle giants, curious farm animals and moments of pure calm: Up close with cows & friends invites you to immerse yourself in the wonderful world of animals at the Leitner farm. In a mindful, relaxed atmosphere, you'll feel how comforting and grounding it is to be close to animals - bringing warmth, trust and a sense of inner peace. Every session is different, yet they all share one thing: the feeling of truly arriving in the moment.

Whether you're getting to know farm animals, strolling through the winter landscape with miniature donkeys or meeting a cow up close, this is an experience that touches both heart and soul. A place where people and animals meet on equal terms.
